

## APHRODITE STRINGS PRICES

We are pleased to offer extremely competitive rates as we don't charge large admin fees in addition to our performance fee. We also offer a trio service which will take the overall cost down meaning that all budgets are catered for. Each quote is unique and depends on the length of the booking, location, time of the year and day of the week. Prices can start from £340 going upwards from there. In addition to our fantastic prices, we periodically do offers, particularly in conjunction with Wedding Fayres so please do mention if you have seen us at one of those. Should you like to book us, we require a small booking fee to secure the date and then the final balance is due one week prior to the wedding via BACS. Should you wish to transfer the money earlier to help with budgeting, this is also fine. We are proud to offer fair and reasonable prices, so please do get in contact to discuss your requirements directly.
